HOW QUICKCHARTS WORKS

Post soft launch

Once data validation is completed, you gain access to live survey data.

Expert guidance

Our dedicated data specialists will guide you through the platform, ensuring you can easily find and use the insights you need.

Flexible usage

Use QuickCharts at your own pace—whether for daily check-ins or weekly reviews.

Early recommendations

Start drafting recommendations and data summaries as insights build, then refine them once the survey is complete.

PowerPoint exports

Generate charts at any stage and share them effortlessly with colleagues and clients.

Final reporting

Use the same tools post-survey to craft compelling, data-driven reports.

QuickCharts is part of a broader market-leading quant delivery package.

Our quantitative solutions include

Respondent survey experience metrics
Ensuring high-quality engagement

Largest healthcare panel recruitment
Accessing the best industry participants

Dynamic sampling technology
Leveraging 70M+ data points to improve recruitment speed and efficiency

Dedicated global compliance team
Supporting project-specific compliance needs

Survey health check reporting
Monitoring feasibility, response rates, and other key metrics

With QuickCharts, you can focus on making smarter, data-driven decisions without the complexity of manual reporting.

Ready to elevate your data experience? Get started with QuickCharts today!
